Dear Tex:

Wendy Turnbull (AI) has asked if you could draw Bruce Kiernan's attention to the cases of the following four imprisoned doctors:

- Ernesto Saravi, obstetrician, La Plata
- Marcos Brochi, cardiologist, Sierra Chica
- Mario Roger Falco, neurosurgeon, La Plata
- Horacio Matoso Rene, 5th year medical student, La Plata

As you know, they have applied for a U.S. visa under the parole program but the Minister of Interior is refusing to grant U.S. consular officials permission to interview them in the prisons. Bruce may want to raise this issue while in Buenos Aires.

With many thanks,

Yours sincerely,
